## NATIONAL FRIENDSHIP DAY

Did you know that the first Sunday of August is National Friendship Day? So on August 1st let's give our friends a call/text/send a funny meme and remind them what great friends they are! Especially if we have not seen them since Covid hit. Let us appreciate all the friendships we have whether with old or new friends by doing something nice for them or just praying for them.

## YOUTH MINISTRIES UPDATE FROM Ms. BJ ...

The month of July flew by so quickly. We finished our Virtual Summer Exploration on July 30th. We went on a fun adventure on Discovery Island learning about God's light and reflecting it in our lives. We played games virtually, created crafts, sang songs with Ms. Eileen.

And we even learned a new song called "Arise, Shine, For Your Light Has Come!", just like our Memory verse for this summer "Arise! Shine! O God's light is on us" + We had a blast together even though it was just for a short period.

Please pray with us that we can schedule a safe in-person Sunday School activity by September. We planned on resuming our monthly "Kids Night Out" as soon as it is safe to do so. I pray and hope that we'll all be together in-person soon enough.

## In Case You Missed It...

Confirmation/Baptism Class with Pastor Mitchell and Ms. BJ. In case you or your young person missed the Baptism and Confirmation class in March. Please contact Pastor Mitchell to set-up a "make-up" session.

After the class, participants may work on a confirmation project of their choice:

One page Credo: "What I Believe"

Creative expression of faith: song, poem, video, etc.

Service project as expression of faith

After completion of the class and the confirmation project, confirmands (That's what you would be called at that point) will be invited to be baptized and/or confirmed into church membership.
