## LOVE IS IN THE AIR

Do you know how Valentine's Day came about? February has long been celebrated as a month of romance and we celebrate Valentine's Day on February 14. There are a variation of how Valentine's came about. But there is one story according to the History Channel about the legend of St. Valentine or Valentinus. He was a priest in the 3rd century in Rome. During the Reign of Emperor Claudius II, the emperor decided that unmarried men were a better fit for soldiers compared to married men; thus he outlawed marriages for single men. Valentine deemed this outrageous and defied the emperor by performing marriages for couples in secret. Of course once the emperor discovered what Valentine was doing, he was executed for his disobedience. There are other more variance of St. Valentine's story but all of the stories deemed him as a romantic figure.

For this Valentine season, how are you showing affection to your love ones? As a Christian, how can we show love to our neighbors? Challenge yourself to be creative on how we can show our love to others while being quarantined or show our love in our household.
